DEPOSITION OF GOPAL
DATE 5/26/00
GAE WERFEL, CSR 4919

Dear Dr. Hadden,

Mr. Dalition informs me you are commencing exhumation procedures and you welcome my presence at the second postmortem. As I mentioned in my last letter, I have made available the Mayo Medical Laboratories and Pathology Department. I am pleased to offer these services at no charge. In addition, Major Dalition has coordinated with AFIP to conduct testing as may be needed.

Dr. Siu tells me he can perform the second postmortem only on a weekend. I am available on Saturday, May 27. I am available on other dates at your convenience as well. I will contact you and Dr. Siu to arrange a mutually convenient date and time. I very much look forward to working with you and your office on this most intriguing case.

Sincerely,

Eric Pfeifer MD/lm
