

Fresno County Coroner
Coroner Assignment Report
760 W. Neilsen
Fresno, CA. 93706

PLV
DEPT EXHIBIT 9
DEPOSITION OF GOLAZ
DATE 7/26/00
GAE WERFEL, CSR 4919

Reports indicated the decedent, her children and a friend were at Seland Arena attending a childrens function when she had a sudden onset of chest discomfort after leaving the building, followed by a syncope episode. Further information revealed that the decedent has complained of chest pain the last couple of days, with pain radiating down her left arm. According to reports the decedent had a history of anaphylaxis, but no other medical history. Dr. Mossier (via nursing staff) stated the decedent's EKG showed what appeared to be a myocardial infarction, but felt an autopsy was needed to confirm.

Decedent will be taken to the Fresno County Coroner's Office where Dr. Siu will autopsy for cause of death. Decedent will then be taken to the _____ Funeral Home by request of her family. Note: Decedent will be a tissue donor, per husbands request.
